

T5 TUBE

TYPE B

COMMERCIAL LIGHTING | TUBES

PRODUCT DETAILS

IKIO's T5 Tube is designed in a way that it can easily replace the existing T5 fluorescent lighting in any commercial or residential space. In fact, its unique design creates a perfectly uniform visual appearance that cannot be distinguished from traditional fluorescent fixtures. The tube comes in various types (type A, type B, and type C). Alongside being an ideal LED solution for customers needing high light output, this tube helps save energy and has a long life span, resulting in attractive payback times and TCO (Total Cost to Operate) benefits.

FEATURES

- **Unique design** with a perfectly uniform visual appearance.
- **Exceptional efficacy and light output** with a wide beam - no flickering.
- Low energy consumption and maintenance cost.
- **High CRI** helps the colors look crisp.
- **Internal/external voltage driver options** allow you to choose a T5 type best suited for your needs.
- The tubes are ballast compatible.

APPLICATIONS

Offices	Schools
Retail Stores	Residential Spaces
General Areas	Lobbies

WARRANTY & QUALIFICATIONS *

*Warranty and Qualifications can vary per item/SKU, see technical data sheets (TDS) for specific information.
